Ms. Argentieri -

Attached please find the cover letter to U. S. Steel Granite City Works response to the EPA Clean Air Act Section 114 Request received on or about November 6, 2009. This letter and corresponding CD have been sent to EPA's Compliance Tracker via over-night mail. We are currently reviewing and preparing responses for Great Lakes Works and Gary Works pursuant to similar requests received by these facilities. EPA should receive responses regarding Great Lakes Works and Gary Works next week. Finally, we continue to prepare responses to the Notices of Violation and questions raised during our meeting in January. I will call you to discuss.

Please call with questions.

Regards,
